## COUNCIL APPROVES PLAN TO COMPLETE CITY AUDITORIUM

Building Code Finally Adopted, Going Now to Board of Aldermen.

MAYOR'S CITY FLAG DEFEATED

Final Concurrence on Blues' Army Design After Stubborn Fight.

After a long fight last night, the Common Council adopted the building code, tabled the proposed rules for the Council, and, notwithstanding a stiff filibuster, concurred with the Board of Aldermen in awarding the design for the Blues' Army. The appropriation to complete the Auditorium was passed unanimously, and, despite an address of twenty-two minutes by the Mayor, the proposed city flag was rejected by a vote of 13 to 12.

Dr. Frank M. Reade, who succeeds Dr. Ennion G. Williams from Monroe Ward, was seated and assigned to the committee of which Dr. Williams was a member.

**Code Finally Adopted.**  
The Finance Committee reported favorably the ordinance to provide a building code for the city of Richmond, dividing the matter into two ordinances—one the building code proper, and the second, to provide for an office of Building Inspector, Assistant Building Inspector and clerk, and to prescribe their duties.

On the first measure there was a strong effort to have it tabled and printed. After this was lost, Mr. Julius Hobson offered an amendment extending the fire lines to cover dumps at the north end of Seventh, Eighth and Ninth Streets to prevent, as he stated, the erection of negro tenements next door to white residences.

The opposition held that nothing but a frame residence could be erected over a dump. Mr. Mills said that Mr. Hobson was really amending the ordinance, and that the amendment was a fire line. The amendment was adopted, and still further efforts were made to delay the code, the final vote to table and print losing by the vote of 13 to 12. It was then argued that the code could be drawn in a "cooler line, not a fire line." The amendment was adopted, and still further efforts were made to delay the code, the final vote to table and print losing by the vote of 13 to 12. It was then argued that the code could be drawn in a "cooler line, not a fire line." The amendment was adopted, and still further efforts were made to delay the code, the final vote to table and print losing by the vote of 13 to 12.

**Money for Auditorium.**  
In the Finance Committee the ordinance appropriating \$125,000 for the completion of the Auditorium was cut to \$10,000, some of the money having already been done, the Finance Committee adding the proviso that the ceiling should first be put in and tested as to its acoustics, before the heating plant and other work was ordered. A large number of petitions in support of the ordinance were presented, and the appropriation was unanimously passed. No report was presented by the Finance Committee on the fire protection of the schools.

A resolution from the Light Committee fixing the price of gas at 20 cents was amended to take effect February 1, 1909, and referred to the Finance Committee, as was an ordinance appropriating \$35,000 for the support of the Gas Works.

The sale of the Richmond Building to the City of Richmond was approved, as was an appropriation of \$1,000 for furnishing the City Jail in accordance with the instructions of Judge Witt.

**Pollard Haps the Mayor.**  
An ordinance was presented with the approval of the Ordinance, Charter and Reform Committee, adopting a civic flag for the city of Richmond. It was opposed by Mr. H. R. Pollard, Jr., who held that it was in bad taste to adopt a portion of the Confederate flag as the emblem of the city, saying that the city should strive for "peace, prosperity and brotherly love," and let bygones be bygones. The Mayor should not force this thing down our throats. Allusions to the war and talk of our being the best people on earth have been misinterpreted, and exception was taken at a recent convention to talk of this character.

Mr. Pollard moved to hear from the Mayor, who was the patron of the resolution. The request being granted, the Mayor spoke for twenty-two minutes. Mr. W. L. White contended that such a flag was detrimental to the best interests of the city. The ordinance was lost, 12 to 13, those voting in the affirmative being Messrs. Cutchins, Davis, Don Leavy, Ferguson, Garber, J. A. Hobson, Miner, Watkins, Powers, W. F. Richardson, Umlauf and Reade. Those opposed: Messrs. Barker, Bailey, Green, Lynch, Mills, Grimes, Pollard, Pollack, Richards, E. D. Richardson, Pollack, W. L. White and Peters. Ordinances to regulate moving picture ma-

chines and to restrict driving in parts of William Byrd Park were adopted. The special committee on rules for the Council presented its report, and on motion it was tabled and ordered printed. The Council concurred with the Board of Aldermen in designating a triangle at Park Avenue and Ivy Street as "Cuthaw Place."

**Armory Design Approved.**  
The question of concurrence with the Board in awarding the design for the Blues' Army provoked a long fight, in which repeated efforts were made to have the whole matter sent to the Finance Committee on the ground that no provision had been made for payment for the building. The resolution under which the Committee on Grounds and Buildings acted in securing plans and specifications of a combined armory and market was read, and the chair ruled that when the Council instructed the committee to secure the designs, "not to exceed \$100,000," it bound itself for the appropriation of that amount, \$25,000 of which is provided in the budget of the current year.

Mr. Pollard raised the question whether concurrence by a majority vote, instead of a two-thirds vote, would not be appropriating \$75,000 in an unconstitutional manner. The chair ruled that the money had been appropriated; that the report of award of designs only came up for ratification, and after repeated motions to adjourn, the question was put on concurrence and adopted, 13 to 7. Messrs. Lynch, Mills, Pollard, Pollock, Richards, E. D. Richardson and W. F. Richardson voting in the negative.

Mr. Mills made the point of order that not having received a two-thirds vote, the motion was lost. The chair to prescribe their duties.

**ALL AGREED TO DROP CASE**  
Mr. Louis F. Mason, charged with having threatened to assault Mr. H. T. Teale with a shotgun, was dismissed in the Police Court yesterday morning by Squire Graves, who acted for Justice Crutchfield. No evidence was heard.

Mr. Teale and his attorneys were satisfied to have the case dismissed after receiving the following letter from Mr. Mason:

"Richmond, Va., July 8, 1908.  
"Mr. T. Teale, Esq., Manager Tidewater Trust Company, City:  
"Dear Sir,—I wish to express my deep regret for the unfortunate incident which happened at your office on July 7th, and to acknowledge that I was in no way justified in doing what I did.  
"It is also incorrect, as published in the newspapers, that you or anyone in your office insulted or mistreated my wife in any way.  
"You may make use of this letter as you see fit.  
"Respectfully,  
"Mr. H. M. Smith read the letter, after which Mr. Emmett Seaton and Judge D. C. Richardson made the formal motion that the case be dismissed. Finding the defendant body was satisfied, Squire Graves did so.

**NEW ENGLAND TO WELCOME RICHMOND'S CRACK COMMAND**  
Connecticut Foot Guard Preparing Many Entertainments for Blues in September—Three Companies and Band on Peaceful Invasion.

Though the Richmond Light Infantry Blues will not leave on the trip to New England until September 7th, the members are beginning to discuss with enthusiasm the invasion of that hospitable section. The battalion, composed of three companies and a band, 220 strong, will leave Richmond Sunday, September 6th, by steamer for Boston. Upon arrival in the Hub the soldiers will be given a rousing reception. They will be met at the wharf by a delegation representing the military organizations of the city and take part in the Labor Day parade. On leaving Boston the battalion will visit Hartford, arriving there about 6 o'clock on the evening of September 8th, and that night will be the guests of the Hartford companies of the Connecticut Foot Guard at a banquet to be given at the Hotel Garde. The following morning they will make an automobile tour of the city, and luncheon will be served, either at the Country Club, in Farmington, or at the Elm Tree Inn.

The management of the Charter Oak Park has invited both commands to be guests at the afternoon races, and it is more than likely that the invitation will be accepted. A rousing time is expected in the evening, when another dinner will be given at the Foot Guard's armory, followed by a smoker and vaudeville entertainment.

ruled the point not well taken, and declared the concurrence by a vote of 13 to 7.  
New measures were introduced and referred to require the printing of all city ordinances; to require automobiles to sound gongs, and to regulate the establishment of boarding and sale stables and of private stables. The City Attorney's opinion on the veto message of the Mayor in regard to the removal of the street car tracks on Cherry Street was tabled without being read.

## BUSINESS MEN SPEAK

**Urged Committee to Complete Auditorium at Earliest Possible Time.**

Representatives of a number of organizations appeared before the Council Committee on Finance yesterday afternoon to urge immediate action on the completion of the City Auditorium. Brief addresses were made by the following: Mr. W. T. Dabney, Chamber of Commerce; Mr. L. O. Miller, Retail Merchants' Association; Mr. C. T. Sims, general chamber committee; Rev. E. T. Dabney, who presented a number of petitions from organizations of ministers and others; Mr. John S. Harwood, Business Men's Club; Mr. W. K. Bach, Travelers' Protective Association; Mr. John B. Minor, Young Men's Christian Association; A. B. Williams, of the Wednesday Club.

After consideration and minor amendments the committee recommended the adoption of the ordinance and the immediate prosecution of the work.

**Marriage License.**  
Marriage licenses were issued yesterday by the clerk of the Hustings Court to Thomas J. Dancy and Alice E. Tate, and to Peter Palumbo and Dora Lowery.

**GORDON, \$3,678.67; GLASS, TWO CENTS**  
Money does not always talk, if the figures filed yesterday by the Secretary of the Commonwealth yesterday are to be taken as a fair sample. According to the showing, it cost former Congressman R. Lindsay Gordon \$3,678.67 to be defeated, while Congressman Carter Glass paid only 2 cents to secure his seat for another term. But conditions in the two sections were different. As Mr. Glass failed to swear to his statement before a notary it was returned to him to be filed in proper form.

Mr. Gordon, who was defeated by Hon. C. C. Carlin after a bitter fight, filed the following schedule of his expenses:

Entrance fee ..... \$ 750 00  
Traveling expenses, teams, hotel bills and incidentals ..... 340 00  
Stationery, printing and advertising ..... 1,068 18  
Office expenses, telegrams, hall rent, etc ..... 315 35  
Stamps and postage ..... 855 14  
Expenses and fees for examination records ..... 340 00  
Total ..... \$3,678 67  
His opponent, Mr. Carlin, has not yet filed a statement.  
Congressman Glass stated that the only expense incurred by him in the election was the cost of one 2-cent postage stamp used in mailing his notice and certified check to the Secretary of the Commonwealth.

## BUTLER MAY PLEAD UNWRITTEN LAW

Slayer of Hairfield to Face Jury in Hustings Court To-Day.

## WHAT NEW ACT PROVIDES

First Case of Kind Since Legislature Changed Old Form of Defense.

The trial of Walter C. Butler, charged with the murder of J. J. Hairfield, will begin in the Hustings Court this morning. From statements made by Butler, and the trend of the preliminary hearing in the Police Court, it is believed that he will allege that Hairfield forced his attentions on Mrs. Butler, his defense therefore being what is commonly known as the "unwritten law."

Not only is the case attracting attention because of its serious nature and the reported line of defense, but because it is the first important murder trial since the act of the last Legislature bearing on the "unwritten law." Lawyers and others are anxious to see how the statute will work out in practice, and how it will be construed by the court.

## What New Law Provides.

An act passed by the Legislature went into effect June 25th. It provides:

"That whenever, in a prosecution for felonies, homicide or for assault with felonious intent, or in a case arising under section 3071 of the Code of Virginia, the accused has been permitted to introduce evidence tending to show that he believed a wrong to have been committed upon some member of his family, or one occupying such relation, whether the same be offered in the support of the defense of insanity or as evidence of extenuating circumstances, it shall be lawful for the Commonwealth to introduce evidence as to the truth or falsity of the existence of such wrong, in which case it shall also be lawful for the accused to introduce evidence in rebuttal as to such truth or falsity."

Butler has engaged Harry M. Smith as counsel. Commonwealth's Attorney Folkes will conduct the prosecution.

## REFUSED TO CLIMB HILL

Old Horse Dropped on Car Track, Blocking Traffic for a Time.

Looking backward at his head, which seemed to thoroughly discourage him, an old flea-bitten gray horse gave it up yesterday afternoon and decided to "lay down" on his job rather than to attempt to pull the long Ninth Street hill with a burden that was almost enough for two able-bodied animals. Unfortunately, he selected as his resting place the car track, which was blocked for quite a while by the animal. When the worn-out beast was at last pulled up and led away, it was apparent that he had not given up until his efforts were exhausted, and as the driver led him in the direction of his stable, without wagon or harness, every muscle in the thin old body was quivering.

## TOUCHED BY ROMANCE

Augustus Echo, Bachelor, Aged Sixty, Takes to Higher Life.

Well advanced in his Indian Summer, but still true to the youthful instinct, Mr. Augustus Echo, a good-natured bachelor of Fulton, turns to matrimony. In his sixtieth year, deciding that a happy culmination of his long experience with affairs of the heart had been long enough postponed, applied yesterday through the agency of a friend, whose name he declined to give, for a marriage license. His application was at first treated as a joke, but Mr. Echo was importunate and soon convinced Mr. Leach that gray hairs did not necessarily mean immaturity from romance. So the license was issued, and this afternoon Mr. Echo and Mrs. Alice Wingfield, a widow of Henrico county, forty-one years of age, will be married. Both are well known in the county and in the East End of the city.

## THREE ACQUITTED

Hustings Court Sentences Scott to Work on Public Roads.

Charged with malicious wounding, James Blinn was acquitted by a jury in the Hustings Court yesterday. The same result followed in the trial of Sadie James and William Thompson, who were also charged with malicious wounding.

Hesterling Scott, charged with petty larceny, was found guilty and given six months on the public roads.

## TOOK GUN FROM ENRAGED MAN TOBACCO MEN TO COME NEXT FALL

Motorman Perkins Arrested for Threatening to Shoot Dispatcher Lugar. National Association Decides on Richmond as Convention City.

"Set down" by the Passenger and Power Company on account of some violation of the rules, J. W. Perkins, a motorman, who imagined that his reduction was due to Dispatcher A. K. Lugar, boasted yesterday afternoon on a rebound car that he was on his way to the office, and that when he reached there he would shoot the man whom he blamed for his discipline. Some one on the car heard Perkins' threats, and telephone Mr. Lugar to look out for him. Lugar did not get the message in time, or paid no attention to the threats. At all events, Perkins got off and went to the office. Seeing him enter, Mr. May, also a dispatcher, told Lugar to look out. The latter, when he turned around, was confronted by a pistol in the hands of the motorman.

**Grabbed Gun From Hand.**  
Quick as a flash Lugar was on him, and after a brief struggle wrested the weapon from his hand. Perkins was held until the police were summoned, and he was taken to the Second Station. As soon as Mr. Lugar got possession of the weapon, Perkins pulled a number of cartridges from his pocket and threw them on the floor, saying to Lugar that as he had the pistol, he might as well take the ammunition.

A warrant charging him with assaulting and threatening to kill the dispatcher was issued against Perkins. He remained in the station all night.

**WANT BETTER ROADS**  
T. P. A. Convention Created Committee to Encourage Work.

Post A. Travelers' Protective Association, held an interesting meeting at its building last night, at which events connected with the recent national convention at Milwaukee were discussed. The delegates to the convention explained the changes made in the constitution, important among which was the creation of a committee on good roads and public utilities. The motion for the creation of this committee was made by Mr. E. R. Barkdale, of Norfolk.

President Bache reported that he had appeared before the Finance Committee of the City Council and urged on the part of Post A, the appropriation of \$12,000 for completing the City Auditorium.

While the new free bridge matter was not taken up, Post A is on record as favoring the proposition.
